PROJECTS

Auction and Gala

Phase 2 of the bathroom renovation project will bring new thrones to our Junior High castle! We plan to complete work on the middle school bathrooms, which will match our lower school bathrooms with higher quality materials, improved aesthetics, and easier to clean surfaces for our entire Our Lady of Sorrows community to enjoy.

We envision a royal update to the furnishings in several communal areas, including our school library, the cafeteria and the newly created library conference room. The new furniture in each of these areas will allow for a more updated and OLS branded aesthetic, a more comfortable experience, and more flexibility for our students and staff, especially in the Library. Make sure to test out the furniture for yourself during the event this evening!

LIBRARY & CONFERENCE ROOM TABLES & CHAIRS

NEW CAFETERIA CHAIRS

To cheer on our Saints on the athletic field, we envision a new 12x18 foot scoreboard that can be seen from all vantage points. The board will be used during Our Lady of Sorrows CYO sporting events and other school related events and activities.
